Fonctions

Domaines de recherche

- Domaines géographiques :
 - Gaule romaine
- Domaines thématiques :
 - Archéologie gallo-romaine
 - Archéométrie

Qualifications

2012/2017 PhD degree in Gallo-roman Archaeology:

“Characterization, production and distribution of local imitations of Argonne red slipped ware in the Diocese of Gaul during the late Antiquity”. Dir. P. Van Ossel (University Paris Ouest – La Défense) C. Petit (University Paris 1 Panthéon – Sorbonne). University Paris Ouest – La Défense.

2012/2013 Evening courses of petrographic analysis. Centre national des Arts et Métiers – Paris.

2010/2012 Master's degree in Gallo-roman & Environmental Archaeology:

“Geoarcheological study of Argonne red slipped ware produced in the North Gaul during the IVth and Vth century.” Dir. P. Van Ossel, C. Petit. University Paris Ouest – La Défense.

2009/2010 Bachelor degree in History of Art and Archaeology. Ecole du Louvre – Paris

2007/2008 Bachelor degree in Archaeology. University Paris IV – La Sorbonne

Fieldwork experiences

January 2014 Analysis of soil in Gallo-roman fields:

Pedological description and soil sampling

Essarois, Burgundy, France – 2 weeks – Every years since 2011

August 2013 Soil sampling and sieving in archaeological site

Chateaubleau, Seine-et-Marne, France – 3 weeks –

July 2013 Excavation and ceramic study

Le Castelou – Hérault – France – Dir. C. Sanchez – 1 month

June 2013 Excavation technician in archaeological fieldwork – Roman bath

Pollena Trocchia –Campany – Italy. Dir. F.G. De Simone – 2 weeks

Since 2007 to Excavation technician in archaeological fieldwork – Apollon Moritasgus sanctuary

2014 Alise-Ste-Reine – Burgundy – France. Dir. O. de Cazanove – 3 weeks

Years 2012 Speaker for archaeological conferences – Arkeotopia Association

Paris – France

August 2011 Excavation technician in archaeological fieldwork – St-Martin-au-Val sanctuary

Chartres – Eure – France – 1 month – Dir. B. Bazin

August 2010 Excavation technician in archaeological fieldwork – Jingzhou

Jingzhou – Hubei Province – China – 1 month

Laboratory Experiences

Feb. to Sept. X- Ray fluorescence, X-ray diffraction

2015 Institute of Physic and Chemistry– Odense – Denmark – 2 months – With K.L. Rasmussen

Sept. 2014 X- Ray fluorescence, Magnetic susceptibility and Thermoluminescence analysis

Institute of Physic and Chemistry– Odense – Denmark – 2 weeks – With K.L. Rasmussen

February 2014 Phosphate analysis for Gallo-roman archaeological sites

M.A.E.- Nanterre – Hauts-de-Seine – France – 2 weeks – With A. Giosa

March 2013 X-Ray fluorescence analysis – Preparation of samples and technical manipulations

M.O.M. – Lyon – Rhone Alpes, France – 2 weeks – With V. Thirion-Merle

Since 2012 to Thin-sections preparation and petrographic studies

2014 M.A.E. – Nanterre – Hauts-de-Seine – France

August 2011 Training courses in ceramic petrography and making thin-sections

University of Burgundy – Dijon – Burgundy – 1 month – With J.P. Garcia

Reports, publications and posters

Antiquity, XXIXth Rei Creitariae Romanae Fautores congress, Xanten, Germany, 2014.

2014 **[Publication]** [Éric Goemaere, Denis Henrotay, Olivier Collette, Mark Golitko, Thomas Delbey et Thierry Leduc, Caractérisation de la céramique médiévale d'Autelbas \(Arlon, Belgique\) et identification de la source de la matière première, Archéosciences n°38, 2014](#)

2013 **[Publication]** [Thomas Delbey, Rodrigue Guillon, Paul Van Ossel, Christophe Petit, Jean-Pierre Garcia, Caractérisation pétrographique et granulométrique d'imitations de sigillées d'Argonne dans le diocèse des Gaules, SFEAG, Actes du Congrès d'Amiens, 2013, p.465-474](#)

2013 **[Poster]** [Thomas Delbey, Rodrigue Guillon, Paul Van Ossel, Christophe Petit, Jean-Pierre Garcia, Caractérisations pétrographique et granulométrique des sigillées d'Argonne et de leurs dérivées en Gaule septentrionale aux IVe et Ve siècles, XIX colloque du GMPCA, Caen, 2013](#)

Academic talks

2016 Thomas Delbey, « If you torture the data long enough, it will confess to anything » Prérequis, écueils et limites d'une approche archéométrique interdisciplinaire pour l'étude de provenance de céramiques antiques, Journée internationales jeunes chercheurs, Université de Nancy, 2016.

2013 [Thomas Delbey, Rodrigue Guillon, Paul Van Ossel, Christophe Petit, Jean-Pierre Garcia, Caractérisation pétrographique et granulométrique d'imitations de sigillées d'Argonne dans le diocèse des Gaules, SFEAG, Congrès d'Amiens, 2013.](#)

2013 Thomas Delbey, La caractérisation archéométrique de la sigillée à travers l'exemple des imitations de sigillée d'Argonne de l'Antiquité tardive, Journée d'étude du séminaire Dokima, Université de Bourgogne, 2013.

Pedagogic experiences

May 2015 Lecturer: Petrographic analysis for ceramic (Dir. F. Giligny, S. Mery)

University Paris 1

Panthéon Sorbonne – Paris

May 2014 Lecturer : Petrographic analysis for ceramic (Dir. F. Giligny, B. Van Dooselaere)

University Paris 1 Panthéon Sorbonne – Paris

2013-2014 Lecturer for 2nd year's students in Gallo-roman Archaeology

University Paris Ouest – Nanterre La Défense

Languages

English – Fluent

Chinese – Fair

Spanish – Reading

French – Mother tongue
